FEATURED LOCAL GARLAND BUSINESSES

Firewheel Coffee is an independently owned and operated coffee shop that strives to give Garland the best alternative when it comes to gourmet espresso beverages.

According to local Garland resident, Eric Roach who posted in NextDoor: " It's nearby at 3003 North George Bush Turnpike #600, in front of the Lowe's on Firewheel Parkway. The coffee is expertly made and there is a wide variety of espresso and coffee drinks and teas. My favorites are the Iced coffee and the Frozen Hot Chocolate. The people in there are very nice, especially the owner, Brian, and he is usually there to engage in friendly chat while preparing your beverage. I like the laid back atmosphere and the mellow music. I REALLY want this place to stay in the community."

In addition to gourmet espresso drinks, they also serve teas, smoothies, Italian sodas, and muffins and cookies. Free WiFi is always on tap, and their lounge area is a great place to meet, to read, or to write a book.
